THE RULES AND REGULATIONS OF THE SCIOTO TECHNICAL COLLEGE GAME

The Scioto Technical College Game (the feature game of this yearbook) is designed so that the student may complete two years of college experiences in one setting. The idea of the game is to Think, Learn, Study, Compete and (if needed) Cheat in order to be the first player to circle the gameboard six times.

GAME EQUIPMENT.

All of the equipment required to play the STC Game is included in this yearbook. It includes the gameboard, do-it-yourself dice, a sheepskin, a mortarboard and a playing token for each technology. Cheapskates and other spoilsports who are reluctant to cut out these excellent pieces of game equipment can sneak off somewhere and have them Xeroxed with the Tek-nopoly staffs permission. Killjoys. A word about the dice. Those wet-blankets that didn't want to cut out the equipment in the first place, probably won't want to assemble the dice either. Well you crapehangers can go buy your own dice. The only reason we provided you with the dice is that loaded dice are legal in the STC Game, being the equivalent of a crib sheet during finals. We figured if you made your own dice, it would be a lot simpler to load them. Keep in mind that, although loaded dice are legal, getting caught using loaded dice is the equivalent of getting expelled and means immediate loss of the game.

PLAYING THE GAME.

To play the STC Game, each player selects a token to represent themselves and places it on the START THE QUARTER block. Everyone now rolls the dice and the high roller goes last. The person to the left of the high roller goes first and the roll proceeds to the left. High rollers are frowned on in the STC Game, they are the equivalent of "teachers pets," and twelves thrown twice means the loss of the player's next turn. Twos, or "snake-eyes," are the mark of a slow student and the player who throws them may roll again. This is the equivalent of having a tutor.

WINNING THE GAME.

The player who successfully completes six rounds of the gameboard is the winner and is presented the "SHEEPSKIN" while wearing the "MORTARBOARD" and is an official "GRADUATE" of the Scioto Technical College Game. The presentation ceremony can be as plain or as fancy as the players wish, even to the point of getting a speaker to come in and congratulate the graduate.

SOCIAL SERVICES

THE WINNERS! *by Al Staff*

ONCE UPON A TIME, A FAMOUS MAN WAS ASKED TO SPEAK AT A COLLEGE GRADUATION.

ENTERING THE BUILDING WHERE THE GRADUATION WAS TO BE HELD, HE SAW THE WORD "PUSH" ON THE DOOR

HE THOUGHT, "WHAT A FINE WAY TO END MY SPEECH! 'EVERYONE NEEDS SOME "PUSH" TO GET ANYWHERE IN THIS WORLD!'"

"...AND WRITTEN ON THE DOOR OF THIS VERY BUILDING IS THE ONE WORD THAT EVERY GRADUATE NEEDS TO GET ANYWHERE IN THIS WORLD!"

GOOD GRIEF! ARE THESE THE FACES OF INSPIRED GRADUATES? WHAT HAPPENED BETWEEN THE END OF THE SPEECH AND THEM LEAVING THE BUILDING THAT WOULD CAUSE THIS?

I am proud to be a graduate of this school. I have learned many things and I am ready to face the world. I am grateful to all the teachers and staff who have helped me along the way. I am excited to start my new journey and I am confident that I will succeed.

*For everything there is a season,
and a time for every matter under heaven:
a time to be born, and a time to die;
a time to plant, and a time to pluck up what is
planted;
a time to kill, and a time to heal;
a time to break down, and a time to build up;
a time to weep, and a time to laugh;
a time to mourn, and a time to dance;
a time to cast away stones, and a time to gather
stones together;
a time to embrace, and a time to refrain from
embracing;
a time to seek, and a time to lose;
a time to keep, and a time to cast away;
a time to rend, and a time to sew;
a time to keep silence, and a time to speak;
a time to love, and a time to hate;
a time for war, and a time for peace.*
